

Dear Sir / Madam

Thank you for your interest in our **Shield Express Car Wash Brand**. Please find herewith the relevant information as requested.

Please be advised that there are very limited sites available, and we recommend that you look for your own premises. We will assess the site and give our opinion as to its viability. Premises should be in the region of 220 m² (including parking). Once we have conducted a feasibility study and found the premises viable, you will complete a Personality Profile Analysis in order to determine your appointment as a franchisee for a Shield Express Car Wash.

We offer complete set-up for brand-new sites, typically ranging from:

- 2-bay cleaning station (from 220 m²)
- 3-bay cleaning station (approx. 240 – 280 m²)
- 4-bay cleaning station (approx. 260 – 300 m²)

Please note that site suitability is based on a flat, level surface with no additional groundwork required. The feasibility study will guide final requirements and recommendations.

The franchise package includes:

- Franchise Agreement
- 2 weeks training for staff, including the franchisee and manager
- Initial uniforms for staff and management (hats, overalls, boots, flyers, and shirts)
- Ongoing operational support
- Access to our management software system

We also have a limited number of trading corporate sites available for discussion.

Where to look for premises:

- Shopping Centres or Malls of 10,000 m² and more
- Next to Fuel Stations with strong monthly fuel sales
- High-traffic areas with consistent customer flow

Once you have found a suitable site, or if you would like to discuss an existing site, please email the relevant details of the premises to franchise@shieldexpress.co.za

Kind Regards,
The Franchise Team
